The class meeting schedule dates and times for JFK were designed to mirror that of a standard college.

Classes meet either M/W/F, or T/Th/F. This allows for students to take college courses during the regular (high school) time of day (7:30 – 2:30), and maximize their opportunity to take courses that are relevant to them.

JFK routinely works with students to help navigate the college course registration process, and will adjust their high school course schedule around their college courses.
